To whom it may concern,

We wish to install a pool in our back yard and found we have a minor variance on the set back. We are applying for relief of the setback from 7.5 metres to 4.35 metres. We are in a residential area, in Cobble Beach, and will use the pool for our own enjoyment. The pool size is a 16x36. It meets the setback requirements on all other fronts. We are working with GM Blueplan engineering and Cobble Beach to ensure that things are done properly. It will be fenced with self closing gates and the pool will also have a coverstar cover, which can only be opened or closed by key code for safety. We hope you consider this.

Thank you

Jeff Kirby
