## 2026 Municipal & School Board Election

### 1.0 Introduction

The Township of Georgian Bluffs is committed to ensuring equal access and participation for persons with disabilities. We are committed to treating persons with disabilities with respect and providing access to resources and services in a way that allows them to maintain independence and dignity.

The Clerk is responsible for the legislative and administrative conduct of municipal elections in the Township of Georgian Bluffs.

The *Municipal Elections Act, 1996* ('MEA'), Section 12.1 (1) places responsibility on the clerk to have regard to the needs of the electors and candidates with disabilities.

Section 12.1 (2) of the MEA requires that the clerk shall prepare a plan regarding the identification, removal and prevention of barriers that affect electors and candidates with disabilities and shall make the plan available to the public before voting day in a regular election.

Township of Georgian Bluffs municipal elections will be conducted in a manner that shall ensure that candidates and electors with disabilities have full and equal access to all election information and services, including help centres. The election will be conducted in a manner that ensures that persons with disabilities are able to vote independently and privately with access to voting assistance if required.

Section 12.1 (3) of the MEA requires that within (90) days of voting day the clerk who is responsible for conducting the election shall submit a report to Council regarding the identification, removal and prevention of barriers that affect electors and candidates with disabilities.

## 2026 Municipal & School Board Election

### 4.0 Election Centres

Election Centres located throughout the Township will be available to voters throughout the voting period and on Voting Day until 8:00 p.m. The locations, accessible parking and entrance information will be posted on the Township's election webpage.

#### Parking

Election Centres will be located in buildings that have private or municipal designated parking for individuals with disabilities.

#### Entrance

The entrances to Election Centres will be level or have steps and ramps with handrails leading to the entrance doors. Doors will have automatic door opening devices or will be propped open in a safe manner. The doors will be wide enough to accommodate a wheelchair or other mobility devices.

#### Interior

Access to the interior voting area and voting booth will be level. Carpeting and doormats will be level with the floor. The voting area will be well lit, and seating shall be made available.

#### Accessible Voting Booth

The voting booth will have a wide area to allow individuals using mobility aids to vote independently and secretly. In the voting booth there will be a large, touchscreen tablet on a stand. If the tablet height needs to be adjusted, it can easily be removed from the stand to be held on its own or with assistance.

#### Elevator Access

At any location where an Election Centre is not located on the main floor, an accessible elevator will be available.

#### Voting Assistance

Persons with disabilities may be accompanied by a support person within the voting booth or staff can assist a voter in casting their vote. The Election Centre staff will, at the request and direction of with the person with the disability, determine the extent to which they need assistance and the best way to provide the assistance.

## 2026 Municipal & School Board Election

All election officials are sworn to an oath of secrecy.

### 5.0 Voting Methods

#### Internet Voting

Internet voting allows voters to vote from their home through secured internet services. This method provides for persons with all abilities to cast their vote easily, with independence and privacy, as voters have the option of using the assistive tools they have on their own computer such as paddles, a hand-held touchpad, a thumb switch or sip and puff technology.

This method of voting is designed to encourage voter participation as voters don't have to attend a physical location to cast their ballot and accessibility and privacy for persons with disabilities is maximized.

The internet election platform will include the capability to change font size and colour scheme.

#### Telephone Voting

Telephone voting allows voters to vote from their home through secured telephone services which provides for persons with a variety of disabilities to cast their vote easily, with independence and privacy. Land lines or cell phones can be used to vote and the method is compatible with assistive devices.

Voters can register their vote selections with the telephone keypad, increasing accessibility, privacy and independence for voters who do not have internet access.
