Attention: Director under the Pesticides Act  
Ministry of the Environment, Conservation and Parks  
Standards Development Branch  
Pesticides Section  
40 St. Clair Avenue West, 7<sup>th</sup> Floor  
Toronto, ON M4V 1M2

Dear Director under the Pesticides Act,

Grey County Transportation Services and several of its member municipalities are requesting approval for alternative means of notification for the reasons specified under section 79(1) of Ontario Regulation 63/09 under the Pesticides Act (<https://www.ontario.ca/laws/regulation/090063#BK103>). The application area is a rural area and is on a public thoroughfare (O.Reg.63/09 79(1)(b)). Another reason for this request is that complying with the requirements of Section 78 would require the posting of more than 20 signs. The pesticide application areas pertaining to this request are in rural areas where there are less than 20 dwelling units within 1 kilometer, and are not within geographic limits of a city, town, village or borough.

In addition to a medial release posted on the County of Grey Website, the attached public notice is to be printed monthly in local newspapers and at least seven days prior to pesticide application. This notice will be printed not less than 10 centimeters (4 inches) in width or the nearest equivalent in column layout. The list of publications includes:

Owen Sound Sun Times  
Dundalk Herald  
Flesherton Advance  
Grey Bruce This Week  
Yours truly,

Hanover Post  
Meaford Independent  
Mount Forest Confederate

COUNTY OF GREY, MUNICIPALITY OF MEAFORD, TOWNSHIP OF GEORGIAN BLUFFS,  
TOWNSHIP OF SOUTHGATE  
**Public Notice Of Pesticide Use**

In accordance with the public health and safety exception to the cosmetic pesticide ban, The County of Grey, Municipality of Meaford, Township of Southgate and the Township of Georgian Bluffs intend to use pesticide to control noxious weeds, general broadleaf weeds, and brush along selected rural county and municipal roadsides.

The County and member municipalities intend to use the following pesticides registered under the Pest Control Products Act (Canada): Navius FLEX Herbicide (Reg. 30922), which contains the active ingredients Metsulfuron-methyl and Aminocyclopyrachlor, ClearView Herbicide (Reg. 29752), which contains the active ingredients Metsulfuron-methyl and Aminopyralid (present as potassium salt), VisionMAX Silviculture Herbicide (Reg. 27736), which contains the active ingredient Glyphosate (present as potassium salt), and ARSENAL PowerLine Herbicide (Reg. 30203), which contains the active ingredient Imazapyr (present as isopropylamine salt).

Pesticide use is commencing May 11th, 2026, and ending September 30th, 2026.
